

THE WEEK OF:
September
8th-11th

This Week in Third Grade...

Math: Continue to have students work on their addition and subtraction facts at home! This week in math students will begin to understand multiplication as equal groups and will relate multiplication to the array model!

Reading: Students will continue to practice the importance of close-reading in third grade. In addition, students will learn how to write a proper journal response. Reading is **THINKING** on paper!

Writing: Students will become familiar with the Writing Workshop Process by completing their "About the Author" synopsis as a kick-off into our personal narrative writing unit!

Science: We will begin our Science Unit this week learning about various ecosystems and food chains!

Third Grade Power Team

Ms. Amoscato's News

Welcome to Third Grade!

We had an absolutely excellent first three days of school in third grade. What a phenomenal group of students I have this year! As a reminder, you should be checking your child's homework every night. Homework logs, starting Tuesday, September 8th, should be signed daily by a parent (including Fridays!)

Every Friday, a newsletter will be written for the upcoming week and sent through Power School. You may also access the class newsletter by going to my website: ms.amoscato.com At the top of the page, you will click on the 'Newsletters' tab. Below will be a copy of the most recent class newsletter.

By the end of this weekend, I will also have a "Homework" tab at the top of my webpage. If you have any questions about homework for the night, further information will be uploaded on my website.

Upcoming Tests

First Spelling Test will be on Friday, September 11th!

+ and - speed tests will also be given regularly.

Important Notes!

Monday, September 7th- NO SCHOOL

Wednesday, September 9th- Picture Day
